

REMARKS

With the above amendments, the specification has been amended to incorporate the International and Japanese priority applications by reference. The Abstract of the Disclosure has been amended to comply with the requirements of MPEP § 608.01(b). Original claims 1-25 have been cancelled and claims 26-50 have been added. New claims 26-50 correspond to the claims as amended by an Article 34 Amendment, although further amended to remove multiple dependencies from the pending claims. The present amendment adds no new matter to the application.

Accordingly, it is believed that the application is in good condition for examination. The below-signed attorney for Applicant welcomes any questions.

Respectfully submitted,
